Re: Knowledge of Faith Assessment tool for Confirmation Candidates

Date: September 4, 2013

Upon the request of Bishop Hartmayer and approved by the Council of Priests, effective September 1, 2013, a *Knowledge of Faith Assessment* tool is provided for use with candidates for the reception of the Sacrament of Confirmation.

The assessment tool is a review of information that should have been learned throughout a child's catechetical formation. While the tool is not all inclusive, it is based on the Diocesan Curriculum and information found in most Confirmation textbooks. The tool is meant to assist catechists in providing a means to review over a two year remote and then proximate preparation of candidates for Confirmation.

Enclosed are copies of the *Knowledge of Faith Assessment* in both English and Spanish along with basic answer guides. These may be accessed from the Faith Formation page of the Diocesan website under Confirmation. The *Answer Guides* are password protected. The password is case sensitive and is: [REDACTED]

If you have any questions, please contact the Office of Faith Formation.

Please share with your junior high and Confirmation catechists as we do not have their addresses. Thank you!

Phone: 912-201-4100
